Rating - 4 / 5

- The app provides an easy browsing experience with large, tappable buttons, easy scrolling, and a simple checkout process. Users can also save favorite products to a Wishlist or their cart for easy access later, minimizing the effort of finding items again.
- This app also features a wide range of categories so customers can find favorable items easily. The app also provides auto detect location and saving address options to minimize the customer effort.
- Majorly used buttons are placed at the bottom but placing search and cart buttons at the top requires more effort from the users.

4. Brain cycle

The image shows a mobile app interface for filtering and sorting items. On the left, a 'Filter' panel is open, displaying a list of categories and themes with checkboxes. The categories are 'All Weather Hoodies', 'Hoodies', 'Jackets', 'Men Oversized Hoodies', 'Men Oversized Sweatshirts', 'Oversized Pullovers', 'Pullovers', 'Pullovers', and 'Sweatshirts'. The themes are 'Hoodies', 'Jackets', 'Men Oversized Hoodies', 'Men Oversized Sweatshirts', 'Oversized Pullovers', 'Pullovers', 'Pullovers', and 'Sweatshirts'. At the bottom of the filter panel are 'CLOSE' and 'APPLY' buttons. On the right, a 'Sort' panel is open, displaying a list of sorting options with radio buttons: 'Price-High to Low', 'Price-Low to High', 'Newest', and 'Popularity'. The 'Sort' panel has a 'Sort' header and a 'Sort' icon.

Rating - 5 / 5

- The Souled Store app uses clear visual cues like product thumbnails, price tags, and call-to-action buttons like "Add to Cart". It features organized categories and sections that guide users smoothly through the shopping experience without requiring much thought about where to find things using features like **filter** and **sort**.

5. Social Deviance

Rating - 4.5 / 5

- The Souled Store encourages people to share what they buy or what they want to buy with their friends on social media, which is a common thing to do. It also helps people feel like part of a community by showing popular or trending products that are linked to pop culture, like movies, shows, or music, which many people enjoy and like to share.
- Although people can't share their Wishlist to their friends.

6. Non-routine

Rating - 5 / 5

- The app sends notifications for new arrivals, exclusive deals, or limited-time offers at times when users are likely to check their phones, making these actions fit into their daily shopping habits.
- Helps you get your favorite fashion at your door-steps.
